LATEST NEWS

Exciting Partnership Announcement!

EXIDA  SP

 KENEXIS

ExidaSP Consultant and Kenexis have joined forces to bring even more comprehensive safety solutions to our valued clients. This strategic partnership marks a significant milestone in our commitment to delivering top-notch services and cutting-edge software capabilities in the realm of process safety.

Partnership Highlights:

ExidaSP is now the exclusive agent for UAE, Algeria, India, and Iraq, representing Kenexis.

Our collaboration expands the scope of services to include:

- PHA studies (HAZID, HAZOP, LOPA)
- SIS studies (SIL verification, safety requirement specifications, test plan development, safety validation during SAT)
- F&G mapping studies

Software Capabilities:

Under the ExidaSP umbrella, we now offer a suite of powerful software tools designed to streamline safety processes and enhance efficiency:

- Open-PHA™: Simplifying HAZOP/LOPA facilitation and documentation
- Effigy™: Advanced F&G Mapping
- Vertigo™: SIS Safety Lifecycle Management
- Arbor™: Fault Tree Analysis
- Open-Audit™: Audit facilitation and documentation
- OpScope™: Mobile procedure development, execution, and tracking
- Intelligent-MoC™: Management of change tracking and documentation

Online Education Platform:

In addition to our services and software offerings, we are proud to introduce our online education platform. Now, you can access expert-led courses covering PHA studies, SIS studies, and F&G mapping studies from anywhere, at any time.
